

I am encouraged to use the system because my friends are doing so.				
I am not often discouraged by my friends in the use of the system.				
Overall, my friends' attitude towards the system does affect my intention to use the system.				
How my skills in computer help me in using e-learning tools.	SA	A	D	SD
I have skills in using the internet.				
My skills in Computers help me to use the e-learning tools with ease.				
I believe one's skills in ICT affect positively the intention to use e-learning tools.				

Thank you.
