1. ABSTRACT

This Scientific research article based on “Biblical Studies” attempts to focus that Noah Origin shall be considered as “Dravidian origin”. The “Aryan origin” Probably originated from “JESUS CHRIST” lineage.

This research article focus that the origin of first human spontaneously evolved from “Star dust” particles which consists of “Three fundamental Neutrinos”.

It is further focus that human has “Three species”. In Prehistoric time human ancestors might have lived in MARS Planet. The Prehistoric human populations lived in MARS Planet shall be considered as Angels/Deva populations. The Adam populations shall be considered as 1st Species and Noah origin, Jesus Christ origin shall be considered as “2nd and 3rd Species”.

The Angels, Devas populations shall be considered as “Superhuman” (or) “Star human” and might have lived with different genetic structure under different environment condition.

The Prehistoric Angel, Deva and Adam populations might have been extinct at one stage and “NOAH” populations might have started living with different genetic structure and under different environment condition on EARTH Planet.

The research in this article is expected to provide solution to the existing mystery about “Origin of Life” and “Missing link” and solution to the current Anthropological, evolutionary controversial theories.

3. INTRODUCTION

As per current theory and Anthropological evidence “Indus Valley Civilisation” dated back about 3000 B.C might pertain “Dravidian culture” and of earliest civilisation. “Robert cald well” in his research focused that the word “DRAVIDA” might be derived from Sanskrit Origin.

It is focused that the Prehistoric human populations were great astronoment, having communicated with high level language in code form. They shall be called “Super Scientists” and controlled various planetary motion through electromagnetic wave in code from. It is speculated that the ancient Morse code, Mayan code system of
communication might be derived from the philosophy of Prehistoric scientific code called **AKKIE CODE**.

It is focused that as sun emit Brown radiation the “NOAH” population might have acquired different genetic characteristics. In other words due to different Cosmo radiation the Angel / Deva populations might have been extinct and “NOAH” populations might have started living on “EARTH Planet” with different genetic characteristics. It is speculated that during origin of “NOAH” the human population might have lost the capability of “FLYING”.

During the course of time the illuminations effect of SUN increased and one stage the “JESUS” origin occurred. In other words JESUS origin shall be considered evolved due to impact of “WHITE RADIATION”. The state of sun during JESUS origin shall be considered as “WHITE SUN”.

The “NOAH” populations and “JESUS” populations origin shall be considered as different “human species”. The different colour, different species human, type of Cosmo radiation responsible for evolution of human species shall be tabulated as below.

25) Philosophy of First language on Earth

The “NOAH” origin shall be considered as the Ancient human populations started living on EARTH Planet with new genetic structure under different environment conditions.

It is focused that the “ADAM EVE” populations shall be considered as prehistoric populations partly lived on “MARS Planet” and Partly lived on “EARTH Planet”. The ADAM, EVE populations could be totally extinct during Prehistoric flood occurred on Earth.

The ADAM, EVE populations shall be considered as living on EARTH even much before SUN emits “BROWN rays”. Hence the colour complexion of ADAM EVE populations is “BLACK”.

In prehistoric time the “BLACK RADIATION” might be called as AKKIE. Hence the ADAM, EVE populations might havew been called as “AKKIE”, “AKKILEN”, “THAMEELEN”.

“Sen tamil” means Tamil born of “Red radiation”.
The ancient “ETHIAN” probably become “INDIAN” after sun emits Red Radiation. “ATHIAN” shall be called “BLACK SUN” “AL-J” shall be called as “DARK SUN”

- Author.
26) Philosophy of word “AGRI?”

It is focused that the “Agriculture” might have started only after Origin of “DRAVIDIAN” populations. “Sunlight” is essential for Agriculture. The Angel, Deva populations while lived in MARS Planet might not have taken food like “RASAM” “SAMBAR”. They might have survived, lived Peacefully with Sweet words, Sweet thoughts, Sweet Dreams.

It is hypothesized the philosophy of word Agri, Agriculture might be originated from the philosophy of “AKKIE CODE” derived of “NEUTRINO RADIATION”

27) Philosophy of ADAM, EVE origin?

It is hypothesized that the ADAM, EVE populations shall be considered as evolved on “TRANSFORMATION”. The Prehistoric “AL- J” populations shall be considered as GODLY Persons having “Third gender”. The “AL-J” populations shall be considered as the state of existing before eating forbidden fruit. After eating forbidden fruit the “AL-J” populations might have become ADAM, EVE populations (i.e.) the forbidden fruit might have “transformed” the third gender Godly populations into individual “Male”, “Female” gender as ADAM, EVE with different genetic structure.
Adam, Eve populations shall be considered as species to “AL-J” populations when “Brown radiation”, “White radiation” evolved from “Black radiation” in the expanding Universe.

The “AL-J” human shall be defined as having three chromosome on having “three inbuilt gene” derived from three “fundamental Neutrinos”

1. “A” Neutrino --- DEVAN (1st species)

It is hypothesized that the Sanskrit word DRAVIDA might be derived from the prehistoric Tamil phonetic THIRIAN or THAMEEN.

(a) THIRIAN shall mean black population lived in prehistoric Ezhem land.
(b) THAMEEN shall mean prehistoric black population lived even before Sun emitting brown radiation.

The etymology of English word THE, THEE, TRI, DRAVIDIAN might be derived from the prehistoric Tamil phonetic THI. THI shall mean black radiation.

It is focused that the etymology of word INDO might be derived from the etymology of prehistoric Tamil phonetic ETHI. ETHI shall means brown radiation when Sun emits first ray in the ancient time when NOAH population (Dravidian) was originated. Further the English word HINDU, INDUS, INDIAN might be derived from the root of ETHI, ETHIAN.
30) Philosophy of Blood Origin and Diversity?

It is hypothesized by the author that from prehistoric time to modern time there may be three states of blood group might have been evolved due to impact of electromagnetic radiation. ‘O’ type blood (universal donor) might be evolved during modern period.
i. Stage i – AB type only (MARS TRIBE)

ii. Stage ii – AB, A, B (DRAVIDIAN ORIGIN)

iii. Stage iii – AB, A, B, O (ARYAN ORIGIN)

It is focused that in the lineage of evolution all the four type of blood might not have been evolved at one stretch and might be evolved in phased manner. It is speculated that the origin of Dravidian population shall be considered much earlier to the origin of Aryan population.
